Dear Mr. Glazier:

Enclosed please find a response to our request to the Division of State History. They have determined that no protected status historical sites exist within your mine plan area, but that there may be some sites in that same area which qualify for protection under Utah Law. The Division of State History's request for a survey is only a recommendation and is not mandatory. If you feel it to be in 5-M's best interest to have such a survey done, contact Mr. Wilson Martin for details. We will proceed with our approval process when you respond to my June 20th 1978 letter.

Sincerely,

Brian W. Buck  
Engineering Geologist
